CAC NEW ISSUE

CAC New Issue 06-02

- **Topic:**
Parking lot directional signs at PX unclear
- **Discussion:**
When traffic is entering the PX parking lot there is no clarification on whether traffic driving around the outer parking lot perimeter, or incoming traffic, has the right of way. Drivers in both directions proceed as if they have control of the roadway. Several close calls, and at least one accident, have recently occurred.
- **Recommendation:**
The outer perimeter of the parking lot should have YIELD signs painted on the pavement at each entrance from the main road.

CAC New Issue 06-02

- **Agency Response:**

This issue has been reviewed and determined to merit corrective action. Limit lines are being painted adjacent to the entrances into the PX parking lot from Colorado Ave. This will give cars entering the parking lot the right of way.
